Rob Gilkerson
Architectural Information Specialist

Gilkerson has an extensive background in accessibility-related issues and authored six wheelchair access guides.

He has worked with numerous organizations to conduct facility audits including Colorado State University, the White River and Arapaho-Roosevelt National Forests, the Colorado Springs School District 11, and Kaiser Permanente medical facilities, the City of Golden, Memorial Hospital, and Johnson & Wales University.

He was instrumental in creating a DVD based on the “Existing Facility Checklist,” providing photos and technical interpretation of the ADA Standards for Accessible Design.

Training Session Highlights:

Rob will focus on the differences between the 1991 ADA Standards and the new 2010 ADA Standards along with the Standards similar to ANSI A117.1-2003. Throughout the session he will also explain common errors and mistakes often seen in new construction. Additionally, participants will be given newly created “What’s wrong with this drawing” quizzes whose solutions will be open for group discussion.

Training Sponsored By:

Registration on Back—Due Tuesday August 28
Rob Gilkerson has been with Meeting the Challenge (MTC) and the ADA Center for more than 12 years. In his current role, he answers questions about ADA standards as they relate to the built environment, reviews architectural plans to make sure they comply with standards and gives presentations about the standards to building professionals including architects, contractors, building code officials, building owners, among others.

Prior to joining MTC and the ADA Center, Gilkerson served as an accessibility consultant for the White River and Arapahoe-Roosevelt National Forests where he surveyed all the campgrounds, picnic areas and ranger stations for accessibility. He also worked at Guadalupe Mountain National Park and Acadia National Park as Student Conservation Association volunteer where his duties included ensuring the parks met accessibility standards. In addition, Gilkerson worked for Access by Design where he helped survey Colorado Springs School District 11 facilities for accessibility.

Gilkerson is a member of the International Code Council and is a graduate of Colorado State University where he graduated cum laude with a Bachelor of Arts degree in sociology, with a minor in recreation resource management.

Gilkerson’s Areas of Expertise...

- 1991 & 2010 ADA Standards
- 1998 & 2003 ANSI A117.1 Standards
- Uniform Federal Accessibility Standards
- Architectural Barrier Act Accessibility Standards
